

ICEBREAKER

- As of today, the Powerball jackpot lottery has hit a record of \$1.9 billion dollars. If you won and took the cash option of \$929.1 million, what would you do first?

DISCUSSION QUESTIONS

1. In Acts 11, why is it that you see the church thriving during great persecution and not sitting back to just simply survive?
2. What about yourself? During difficult times, do you tend to try to thrive or simply survive?
3. Do you notice needs out & about in the community? If not, what do you need to do to notice different needs? What would it look like if you noticed a need and automatically thought: Who is a risk? How can I help? Who can we send?
