Discussion Questions

1. Jesus says in Matthew 7:15-23 that we can recognize both real and fake followers by their fruit just like fruit on a fruit tree. What fruit is easily recognizable in Jesus followers? What's most difficult to see?
2. What you ever experienced someone who seemed like a Jesus follower but lacked the character, integrity and actions? No names. What stood out to you about that experience?
3. What does it mean to be known by Christ? How can you know for sure that you are known by Him?
4. What's one area of your life where you wish to bear better fruit, an area where you can be real?
