

REAL FAITH IN A FAKE WORLD

A STUDY IN JAMES

Part 5 — Tame the Tongue, Tame the Tone

IceBreaker

- What is one thing you said to your spouse, best friend, employee, etc. that you wish you had not said?

Discussion Questions

1. Read James 3:1-12. What is most challenging in this set of scriptures?
2. In a moment of honesty, what does your tongue reveal about your heart?
3. How does thinking about our words cause us to want to follow Jesus even more for the way He used His words?
4. Chase encouraged us “to live a life of worship, not just a Sunday of worship”. What does this practically look like? How can you make space for worship during the week?
5. Is there a way you have used your tongue, your words, etc. that you need to repent of and seek someone’s forgiveness for? If so, how can we take our next steps toward both that repentance & forgiveness?

Next Steps & Prayer Requests

- Consider your words this week. Think before you speak.
