

PART 7 — IN FOR THE NEXT GEN

ICEBREAKER

- What do you currently have in your possession that was once passed down to you by someone special?

DISCUSSION QUESTIONS

1. Who was the first person who made faith feel real to you? What did they do, rather than they said?
2. In Deuteronomy 6:4-12, Moses instructs these words to be "on your heart". What's the difference between knowing something about God and having these things on your heart?
3. Notice the placing Moses mentions — home, walking, lying down, rising up, hands, doorposts — what all does these have in common? And what does that tell us about passing our faith onto the next generation?
4. Kids and teenagers often notice what we love more than what we say. What do they see you love the most? And does it match what you say you love?
5. Who is your next generation? Name a child, grandchild, niece or nephew, student, young coworker, etc. who you could invest in.

NEXT STEPS

- Live so consumed by the love of God that the next generation will want to live the same way.
